Those of us at **Team Concept** would like to take a moment to introduce you to our brand new **Full Color Business Card Program***.

Our new business card program focuses on the **quality** that you, our valued customer, have been asking for—and that TEAM has come to be known and respected for. We are thrilled to offer a program that we're proud to put our name on.

Each printed project will be run *individually*, in stark contrast to many of our competitors' "gang-run" approach. This allows us to guarantee each run's quality, down to every last business card.

Through this new program, you and your client can expect:

- **Eleven** unique stocks to choose from.
- Vibrant reds, pinks, blues and purples—colors that can sometimes be difficult will be held **flawlessly colorfast**.
- **Seven** finishing options to really make your business card stand out.
- As always, a **fast turn-around** and **reasonable cost**.

A business card needs to stand on its own to represent your client's image. It's our job to provide you with the best in quality, price and service—allowing for a great impression on the back end.

Why take a gamble with gang-run business card services when you can get the individual attention you deserve?

Thank you for choosing **Team Concept**.

Sincerely,

A blue ink handwritten signature, appearing to read "Tony Rouse", written over a light blue horizontal line.

Tony Rouse

* Starting October 12th, the \$25 Value Card Program will be discontinued as our new Full Color Business Card Program takes its place.
